PHYOTHANT

MOBILE DEVELOPER

Myanmar +95 9 258 292 174 phyothant.dev@gmail.com github.com/phyothant-dev

PROFILE

Mobile developer focused on building clean, reliable cross-platform apps with **React Native** and **Expo**, plus hands-on experience with **Flutter**. I enjoy taking complex problems apart and fitting the pieces together into thoughtful, user-friendly products — the LEGO approach to software.

SELECTED PROJECTS

LOCJOBS — LOCAL JOB MARKETPLACE

REACT NATIVE · EXPO · SUPABASE · GOOGLE MAPS

Dual-role job marketplace with real-time chat and read receipts, Google OAuth, location-aware listings, reviews and ratings, and full English/Burmese localization.

ZIWA DANA — MOBILE ERP PORTAL

REACT NATIVE · FRAPPE · CAMERA · LOCALIZATION

ERP companion app for managing suppliers and purchase receipts, with theming, localization, camera capture, and a settings workflow backed by Frappe APIs.

JOINUS — CAMPUS SOCIAL APP

REACT NATIVE · REAL-TIME EVENTS

Social community app that connects students through live event tracking and discussion forums, designed around quick discovery and low-friction participation.

LEARNDSALGOS — ALGORITHM VISUALIZER

INTERACTIVE LEARNING · DATA STRUCTURES

Educational tool that turns data structures and algorithms into interactive animations, making abstract concepts easier to see, step through, and remember.

CORE SKILLS

MOBILE

React Native | Expo | Flutter

LANGUAGES

TypeScript | JavaScript | Dart

BACKEND & CLOUD

Firebase | Supabase | REST APIs | Frappe

TOOLS

Git / GitHub | Figma | Google Maps | OAuth | i18n

WHAT I DO

- Cross-platform mobile apps with clean, maintainable architecture.
- API and backend integrations with real-time features.
- UI systems, theming, and bilingual product experiences.
- Prototyping ideas quickly and polishing them into shippable builds.

OPEN TO

- Mobile developer roles
- Freelance and contract work
- Open-source collaboration

THE LEGO APPROACH — **Break the problem into small pieces, build each one well, then snap them together into something that feels simple.**
